

Issue: American Legion Racing

Message Points

- Per the resolution that established our relationship with Team Johnson Motorsports, no budgeted financial assistance has been provided to the race team.
- Main funding for this program in 2009 was provided by the David Law Firm who helps veterans with asbestos cancers and other associate sponsorships that the race team can generate as a result of their relationship with The American Legion and its membership. The car was in nine races in 2009.
- Every American Legion member and Post can make money by supporting the # 76 Freedom Car. Ideas are:
 - Support our troops by purchasing “4 in 1” bottles – Operation Freedom Car
 - Post holds fundraiser.
 - Purchase and raffle American Legion Racing merchandise.
 - Assist in signing up an Associate Sponsor of the # 76 Freedom Car and qualify for a 10% finders fee.
- Now is the time for every Legion member to stand up and let our great nation know who The American Legion is and to salute our service men and women around the world by cheering on The American Legion #76 Freedom Car.
- In the 2009 ASA Challenge Series, the Freedom Car is ranked in the top 10 and Jerick Johnson, our driver, is in second place in rookie points.
